## College Blowout Overs: 11 plays, 1u each

CFB Week 4 · SYSTEM: BLOWOUT OVER · 750-581-11 since 2011 (+7.5% ROI), 103-77-1 in 2025–26 (+9.2%)

When the spread is over 30, bet the Over. The market prices the favorite correctly but underrates the underdog: second-stringers on both sides and garbage-time drives add about a point the market doesn't expect. Overs get better the bigger the spread (14–21 points: –7% ROI; 30–40: +6%; 40+: +10%). This is the one trend that passed our luck test across 1,192 strategies, and it's still winning in 2025–26.

## Oddball Matchup of the Week

### Ravens @ Cowboys ... in Rio de Janeiro

Sunday 9/27 · Maracanã Stadium, Rio de Janeiro, Brazil · BAL -3.5, total 53.5 (DraftKings)

America's Team gives up a home game to play in the stadium that hosted the 1950 and 2014 World Cup finals. It's the NFL's first game in Rio and its third straight season in Brazil, after two São Paulo openers.

**Did you know?** Both previous Brazil games went OVER: Eagles 34, Packers 29 in 2024 (63 points vs a 49.5 total) and Chargers 27, Chiefs 21 in 2025 (48 vs 47.5). This one has the highest total on the NFL board.

Model take: fair line BAL -3.6, fair total 54.2. Right on the number, so no bet. Just a fun one to watch.
