BLOWOUT OVERS

Blowout Overs · 12 plays · 12u

When the spread is over 30, bet the Over. Books price the favorite right but underrate the underdog: backups on both sides and garbage-time drives add points the market doesn't expect. The bigger the spread, the better overs have done (14–21 pts –7% ROI · 30–40 +6% · 40+ +10%). The only trend that passed our luck test across 1,192 strategies.
