BUY-LOW UNDERDOG

WEST-COAST EARLY KICKOFF

- **The spot:** LAC has missed the spread by about **7 pts** a game lately (smoothed), the kind of slump the market overreacts to. The underdog here gets that inflated number.
- **System · Buy-low underdog (Moderate):** Take the underdog when the road team has been failing to cover lately (smoothed cover margin -4 or worse). The market over-corrects on teams that keep missing the number. +7.3% ROI since 2011 (8 of 14 seasons up), +15% in 2025-26. Weak signal (t = 1.4): half stakes. Record 223-179-11 since 2011 (+7.3% ROI); 20-13-0 in 2025-26 (+15.3%).
- **Situational · West-coast early kickoff (Moderate):** LAC plays a 10am body-clock kickoff in the East. West-coast team at a 1pm ET kickoff (10am body clock). Everyone 'knows' they struggle, so the line over-adjusts. We tested the fade first and it lost badly; backing them is the side that wins. Record 149-112-4 vs the closing number since 2011 (+11.3% ROI, profitable 11/15 seasons; 12-10-0 in 2025-26); +15.2% when our model agreed (111 bets).

WIND UNDER

MODEL LEANS SAME WAY

- **The spot:** Kickoff forecast: **14 mph wind, 68°F**. Wind cuts into passing and kicking, and totals historically don't drop enough (unders +12% ROI in 12-20 mph wind since 2011). Cooled off in 2025, so half stake.
- **System · Wind under (Moderate):** Outdoor games with 12-20 mph forecast wind: passing and kicking suffer and totals don't drop enough. Strong long-term record but cooled off in 2025, and the backtest used actual wind while you bet the forecast. Probable edge, not proven: half stakes. Record 327-238-6 since 2011 (+12.4% ROI); 15-17-0 in 2025-26 (-10.0%).
- **Model leans the same way:** On its own the model has this side at about 51%, not enough to bet by itself, but it points the same direction (angles won more often when it did).

ODDBALL MATCHUP OF THE WEEK

Ravens @ Cowboys ... in Rio de Janeiro

Maracanã Stadium, Rio de Janeiro · BAL -3.5 · total 53.5 (DraftKings)

America's Team gives up a home game to play in the stadium that hosted the 1950 and 2014 World Cup finals. It's the NFL's first game in Rio and its third straight season in Brazil, after two São Paulo openers.

DID YOU KNOW

Both previous NFL games in Brazil went over the total: Eagles 34, Packers 29 in 2024 (63 points vs a 49.5 total) and Chargers 27, Chiefs 21 in 2025 (48 vs 47.5). At 53.5, this one has the highest total on this week's board.

Model take: fair line BAL -3.6, fair total 54.2. Right on the number, so no bet. Just a fun one to watch.

How to read this card. Model = our prediction model's edge at the listed price. System = a betting rule with a 15-season record. Situational = a game spot tested against 15 seasons of closing lines.
