BLOWOUT OVERS

Blowout Overs · 9 plays · 9u

When the spread is over 30, bet the Over. Books price the favorite right but underrate the underdog: backups on both sides and garbage-time drives add points the market doesn't expect. The bigger the spread, the better overs have done (14-21 pts -7% ROI · 30-40 +6% · 40+ +10%). The only trend that passed our luck test across 1,192 strategies.
